

Florida Comprehensive Planning Network (FCPN)

The Prevention Section coordinates and facilitates the Florida Comprehensive Planning Network (FCPN). The HIV/AIDS Patient Care Planning Group, the HIV/AIDS Prevention Planning Group, and the Hepatitis Planning Group comprise the FCPN. Twenty-three members make up the Prevention Planning Group (PPG), including 14 community advisors, five Bureau of HIV/AIDS field staff members, three at-large members, and a bureau co-chair. The at-large members include an HIV/AIDS infected individual, a behavioral scientist, and a youth representative.
